Selling 60 Genetically Proven Bulls

Welcome Cattlemen,

to the Annual Rossman Farms Genetics Bull Sale.

The cattle markets are on FIRE. The U.S. cow herd inventory is at historic lows. Consumers around the globe continue to choose U.S. Beef as center of the plate. The demand for Upper 2/3 Choice and Prime in the meat case and restaurants is all about the superior eating experience. Consumers keep coming back for more!

Whether you market your calves as feeders, yearlings or finished cattle, carcass traits will ultimately reward you in the form of repeat buyers and premiums in the marketplace. Rossman Farm's genetic approach is deliberate, in combining maternal function **Pregnancy**, early accelerated growth in a dense package **Moderate Mature Cow Size**, superior carcass merit **Prime**, in an eye appealing package **Phenotype**. Foot structure as well as docility are key factors in longevity and we're committed to continual improvement. Our multi-trait dashboard allows us to stay focused with specific metrics to ensure genetic progress by enhancing the traits in our bull offering that are **Profit Drivers** for our customers.

Maternal Power by Design

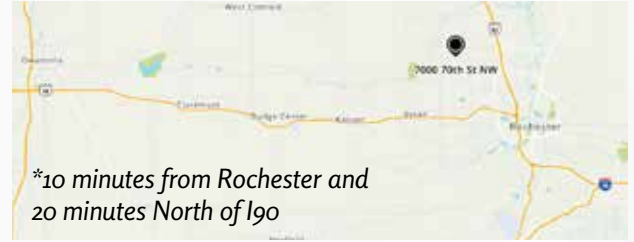

Our focus: utilizing cow families that have stood the test of time by proving their worth year after year with robust progeny and reproductive efficiency. This set of bulls showcases our pursuit of **Balanced Trait Selection** backed by elite cow families that have made their mark in the Angus breed.

As always, we couldn't do this without our valued customers along with our talented team at the farm. We're excited about this set of bulls and look forward to visiting about your breeding goals. We welcome guests ahead of the sale to evaluate the offering.
